

Dear City Ministries Family,

We are in unprecedented times, yet hopeful we will navigate and empower and help each other get to the other side.

Please be assured that we are taking every precaution and following the recommendations of the CDC, State Department of Health and Governor Jay Inslee for our staff, students, tenants and volunteers. We have closed City Kids School, our preschool and kindergarten, until April 27, 2020 and are providing educational materials to parents. Our teachers are available online to assist parents and answer questions. City Ministries Child Care Placement Agency, our foster care agency, continues to operate remotely, with visits to the office and foster parent homes as needed, incorporating social distancing and other protective measures. We are working closely with the State to make sure risk for community transmission is minimized. We are in regular communication with tenants in our Rose Hill Cottages community and are performing emergency maintenance only at this time.

We would like to thank our faithful donors for their continued support during this crisis. We continue to pay our staff and run our programs within the confines of national and State guidelines. We are healthy and we pray for the same for all of you. Please do not hesitate to contact us ([info@citymin.org](mailto:info@citymin.org)) and look for updates on our website ([www.citymin.org](http://www.citymin.org)).

Sincerely,

Cheryl Haskins, Executive Director
